"JACK" GERAGHTY FINED

Chauffeur Who Married Julia French at Central Village Drive Automobile Past a Stationary Car.

Saturday's Providence Tribune said: "Jack" Geraghty, the Newport chauffeur whose romantic marriage to Miss Julia French of an aristocratic family of the City-By-the-Sea was a sensation some time ago, appeared in the police court before Judge Metcalf this morning to answer to a charge of violating one of the articles of the traffic law which forbids the operator of any vehicle from passing a car on the right side while it is stopped to let off passengers.

Geraghty wanted to escape without any publicity, but when three newspapermen peeped in at the door of Judge Metcalf's office and saw him being arraigned, there was no escape.

"Go as far as you like then," said Geraghty, "and you can say I have

got a pamphlet containing the traffic rules and I am going to study them up." Judge Metcalf fined him \$5 and costs, and he paid the fine.

The offense for which he was arraigned occurred on the afternoon of March 4. Geraghty was driving his machine on West Main street, and, being acquainted with the local laws, he drove past a street car which had stopped to let passengers alight. Traffic Officer Murphy saw him and held him up. He arranged for Geraghty to appear this morning.

This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much, or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps and a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualacal and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been initiated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

DAVID A. WELLS

the famous free trader, once told a friend, "If I had left my money in the Savings Bank I would be worth a great deal more."

Evidently he made some investments that did not turn out profitably. Thousands upon thousands have had the same experience. Mr. Wells probably had an acquaintance with as many men of affairs in his day as any citizen of the country, so if he would have been "worth a great deal more," isn't it a good plan for you to leave your money in the savings bank.

This bank solicits deposits and guarantees the depositors a safe, sane and conservative management, according to the law. Savings banks can only invest in such securities as stipulated by law.

"Steeple Tom" Fitzpatrick Critically Ill.

Thomas Fitzpatrick, known as Steeple Tom, who is at Mt. Clemens, Mich., taking a course of baths for muscular rheumatism, is reported in a critical condition. Mrs. Fitzpatrick received a telegram early Sunday stating that following his Saturday afternoon bath he was taken with a sinking spell and lay for several hours in a state of coma. She received another message Monday that her husband showed but slight improvement. The cause or nature of the sudden illness was not mentioned in either message.

BOTH TO BLAME.

Judge Arnold Lectures Drinking Husband and Wife too Lazy to Jump Up and Get Breakfast.

Monday morning in police court the domestic troubles of Mr. and Mrs. Fred A. Poppie were aired. Poppie was in court to answer to the charges of drunk breach of the peace and assault upon his wife. He entered a plea of guilty to the first count, but pleaded not guilty to the other two.

Mrs. Poppie testified that she was twenty years old and had been married about a year. They lived at the corner of High and Prospect streets. Saturday evening her husband paid the house rent and then went down street and later returned home drunk. She went to the house of her mother, where she passed the night. Sunday morning she went back to her home, accompanied by her young brother. Her husband told her to get out of the house and stay out, and seized her by the throat and started in to choke her. When she was going down stairs he had thrown a big piece of wood at her that struck her in the back.

Leander Wheaton, a brother of the woman, said that he accompanied his sister to her home Sunday morning, and saw Poppie grab and choke his wife; he also testified to seeing Poppie throw the stick of wood at her.

In his own behalf Poppie said that his wife was forever "jawing" him. When he got home Saturday evening, she was gone and he had no key and therefore had to climb in through a window. When she returned Sunday morning she had started right in to jaw him. He then got angry and told her to get out. He said that his wife was not at home half the time and in the morning, she refused to get up and cook breakfast for him.

Many times he came home for his meals, and his wife would not have any need for him.

Judge William A. Arnold told Poppie that in reality he ought to go to jail, but that he would give him a chance. He sentenced him to thirty days on the charge of intoxication and assault upon his wife. Poppie was suspended judgment on the breach of the peace count. Execution of judgment was then suspended and the accused was placed on probation on the condition that he must not drink or go into a saloon. The judge then addressed himself to Mrs. Poppie, saying that a woman is supposed to cook for her husband and get up mornings and prepare his breakfast and should be an encouragement to him.

Plan Supper and Smoker.

Tries New Gas System.

Fred W. Gerriek has just completed the installation of a new and novel lighting system in his residence on North street. It is a gas system, similar to the one used for lighting au-

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

tomobile lamps, and Mr. Gerriek claims it is superior for both lighting and heating purposes.

The ordinary gas mantle may be used, but the opening for the flow of gas is little larger than a pin point. It is said to be non-explosive and is excellent for cooking purposes. Mr. Gerriek says that the actual cost of the gas is about 32 per 1,000 cubic feet, which is a great deal lower than the gas rate in this and other cities. The gas may be purchased in tanks and connected to the system, that is, in one of the rooms of the tenement. The squeaking he received was sufficiently hard to make him quit work for the day and he went to his home.
